Miss Estrada

Hello Walnut Creek community! I'm Karla Estrada. This is my second year as a bilingual Pre-K teacher. I was born and grew up in El Paso, Texas. My childhood taught me to discover and learn about play and that is what I love most about teaching. My goal this year is to demonstrate a respectful, positive, and safe environment for all students.

Hello Walnut Creek Parents and Friends! I am very privileged to work with your young scholars. This year in Pre-K we are helping to shape the minds of tomorrow's leaders. I have been with Austin ISD for 13 years. In those 13 years, I have worked with Pre-K for 10 years. I am currently going back for my Masters in Curriculum Design and Administration at Concordia University. I am a graduate of Arlington Baptist College with degrees in Early Childhood and Development, ESL, and Theology. I am looking forward to what the year will bring!

Hi my name is Lorena De Leon. I was born in Matamoros, Tamaulipas; Mexico. I'm in my first year of teaching. I'm looking forward to working with the Walnut Creek community and all of the students in my classroom. One of my favorite aspects of teaching is that education gives the opportunity to change the lives of children by being able to prepare them for life; that is, giving them the fundamental tools and skills to succeed. One of the goals I have for my students is to get them to like school and enjoy learning.

Hello, my name is Mrs. Nelson. I am from Monterey, California. I have been with AISD for over 16 years. I started as a substitute and fell in love with teaching. This is my sixth year here at Walnut Creek. I enjoy working with administration, the staff, students, teachers, and parents, but Pre-K is my passion. My goal is to work with you to help educate your children to be successful in the many school years to come.

My name is Lucero Ceballos, I am a native Colombian (South America) and I have lived in the United States for 9 years, of which one of them I have lived in Texas. My professional experience began in my native country, where I completed my studies as a Registered Nurse. Even though I have many hours of educational training in early childhood development, this is my first year teaching little kids. I am looking forward to work with the whole community at Walnut Creek Elementary this school year to help my students achieve their full potentials. I'm so excited to be a part of the school family this year!

I graduated from Texas State University in San Marcos Texas. I enjoy working with young children and I love to make sure that all students are learning. Thank you so much for letting me be your child's teacher.

My name is Marta Henriquez, originally from Cuba, where I graduated as a Civil Engineer. After moving to the US, I became certified as an Elementary School Teacher in 2009. Since then, I have been working as a teacher at the Walnut Creek Elementary School. As a teacher, I totally enjoy being part of the learning process of my students, especially having the opportunity to see their development throughout the school year. My goal is to motivate them to learn and develop high interest for their school.
